

Spiritual Gifts and Talents Test

Believers Church of Statesboro

Adapted from Craig Groeschel's book "Chazown A Different Way to See Your Life", Multnomah Publishers, 2006

God has given each of us who are believers specific spiritual gifts. This spiritual gifts test will help you determine what spiritual gifts and special talents God has given you. The test evaluates 22 gifts and talents.

(Do not look ahead to see what these gifts and talents are because that will influence your results!)

INSTRUCTIONS:

This spiritual gifts test consists of 110 statements that you are to respond to by entering in a number for each on the analysis sheet (see page 2). Depending on how you feel about each statement, enter a number between 1 and 10; 1 meaning that the statement does not describe you at all, and 10 meaning that the statement describes you perfectly.

This test is designed for followers of Christ. If you have been following Christ for at least a few years, you should use your personal experiences as the basis for your responses. If you are a new believer, then base your responses on how well each statement describes you (even if you have not yet experienced what the statement refers to.)

Please keep in mind that this test was written by human beings and is certainly imperfect. It should be used as a starting place to begin to discover how God has gifted you, but not as an absolute truth. The test may not always indicate your true spiritual gifts. It is just one tool in what should be a life-long search for how God has gifted you so you can give to others.

READ THIS VERY CAREFULLY!

- Before you start the test, find the analysis sheet. Tear it out of your book, then fold it along the gray line that runs down the middle of the sheet. Place it so that the 110 numbered boxes are facing up and you cannot see the list of spiritual gifts and talents.
- As you take the test, enter a response for each statement in the corresponding pre-numbered box, rating on a scale of 1 to 10 how well the statement describes you.
- Once you have completed a column, move back to the top and continue the test. Hide each finished column with a sheet of paper so you cannot see the columns you have already answered. This will help to ensure unbiased responses on the remainder of the test.
- Respond to each statement quickly with your first feeling. Because the list is fairly extensive and we don't have every gift, you will probably have many more low number responses than high number responses. That is ok.
- When you are finished, read the analysis instructions on page 6.

ANALYSIS INSTRUCTIONS

First, look over the analysis sheet to make sure you have entered a number from 1 to 10 in each of the 110 pre-numbered response boxes. If you left any of the boxes empty, go back to the corresponding statement and enter your response.

Now, unfold the analysis sheet. Calculate the sum of the 5 responses in each horizontal row and enter it in the sum column. Do this for each of the 22 rows of responses. Each sum should be a number between 5 and 50.

Next, look over the 22 numbers you have just entered in the vertical sum column. Identify the highest number. Now, place an "1" in the rank column for the row with the highest sum. If there is more than one row with this same high number, place an "1" in the rank column for each.

Look for the second highest number. Place a "2" in the rank column for each row with this number.

Look for the third highest number and place a "3" in the rank column for each row with this number.

Continue this process until you have identified your top five spiritual gifts and talents.

You can find out more about your spiritual gifts and talents by reading the spiritual gifts reference material on the following pages.
